

Rabbit antibody to SLC9A3 (300-350)

Code	OSS00394W
ID Tag	Rb2203-201113-WS
Unit_size	100 µl
Immunogen	A synthetic peptide from aa region of 300-350 of human SLC9A3 conjugated to an immunogenic carrier protein was used as the antigen. The peptide is homologous in mouse and rat.
Host	NZ white rabbit
Purity	Whole serum
Clonality	Polyclonal
Applications	IHC, WB (confirmed by recombinant protein). A dilution of 1: 200 to 1: 2000 is recommended. The optimal dilution should be determined by the end user. Not yet tested in other applications.
Specificity	Specific for SLC9A3.
Spes_X_react	Human, mouse, rat. Other species not yet tested.
Format	Lyophilised
Reconstitution	Reconstitute in 100 µl of sterile water. Centrifuge to remove any insoluble material.
Preservatives	
Storage	Maintain the lyophilised/reconstituted antibodies frozen at -20°C for long term storage and refrigerated at 2-8°C for a shorter term. When reconstituting, glycerol (1:1) may be added for an additional stability. Avoid freeze and thaw cycles.
Expiry_Date	12 months after reconstitution
Limitation	For research use only
