

## Rabbit antibody to RhoU

Code OSR00317W

**ID Tag** Rb791-140209-WS

Unit size 100 μl

Immunogen A synthetic peptide from the internal region of human Rho related GTP binding protein RhoU

(CDC42 like GTPase 1, CDC42L1, Ryu GTPase) conjugated to an immunogenic carrier protein

was used as the immunogen. The antigen shares 90% identity with rat and mouse sequence.

**Conjugate** Unconjugated antibody

Also known Rho related GTP binding protein RhoU, RhoU, Ryu GTPase, CDC42-like GTPase 1, Rho

GTPase-like protein ARHU, GTP-binding protein-like 1, ARHU, CDC42L1, G28K, WRCH1, Wnt-1

responsive Cdc42 homolog 1

Host NZ white rabbit
Purity Whole serum
Clonality Polyclonal

**Isotype** Polyclonal, whole serum

Applications IHC, WB. A dilution of 1: 300 to 1: 2000 is recommended. The optimal dilution should be

determined by the end user. Not yet tested in other applications.

**Specificity** Specific for RhoU.

**Spcs X-react.** Human, mouse, rat. Other species not yet tested.

Format Lyophilised

Reconstitution Reconstitute in 100 µl of sterile water. Centrifuge to remove any insoluble material.

Storage Maintain the lyophilised/reconstituted antibodies frozen at -20°C for long term storage and

refrigerated at 2-8°C for a shorter term. When reconstituting, glycerol (1:1) may be added for an

additional stability. Avoid freeze and thaw cycles.

**Expiry Date** 12 months after reconstitution

**Shipping** This item will be shipped to you at ambient temperature in a lyophilised form.

**Limitation** For research use only
