

Rabbit antibody to Salvic

Code	OSS00223W
ID Tag	Rb1257-140210-WS
Unit size	100 µl
Immunogen	A synthetic peptide from c-terminal region of human Salivary gland antimicrobial salvic (Salvic) conjugated to an immunogenic carrier protein has been used as the antigen.
Conjugate	Unconjugated antibody
Also known	Salvic, SALV
Host	NZ white rabbit
Purity	Whole serum
Clonality	Polyclonal
Isotype	Polyclonal, whole serum
Applications	IHC, WB. Use at a dilution of 1:100 to 1: 2000. The optimal dilution should be determined by the end user. Not yet tested in other applications.
Specificity	Specific for Salvic.
Spcs X-react.	Human. Other species not yet tested.
Format	Lyophilised
Reconstitution	Reconstitute in 100 µl of sterile water. Centrifuge to remove any insoluble material.
Storage	Maintain the lyophilised/reconstituted antibodies frozen at -20°C for long term storage and refrigerated at 2-8°C for a shorter term. When reconstituting, glycerol (1:1) may be added for an additional stability. Avoid freeze and thaw cycles.
Expiry Date	12 months after reconstitution
Shipping	This item will be shipped to you at ambient temperature in a lyophilised form.
Limitation	For research use only
